What is Congressional Visits Day (CVD)?

The CVD is a two-day annual event that brings scientists, engineers, researchers, educators, and technology executives to Washington to raise visibility and support for science, engineering, and technology. Uniquely multi-sector and multi-disciplinary, the CVD is coordinated by coalitions of companies, professional societies and educational institutions and it is open to all people who believe that science and technology comprise the cornerstone of our Nation's future.

Objective

... to underscore the long-term importance of science, engineering, and technology to the Nation through

meetings with congressional decisionmakers.

Participants

... members of the Science-Engineering-Technology Working Group and other colleagues in the science and technology enterprise.

Organizers

- The [Science-Engineering-Technology Working Group](#) is an information network comprising professional, scientific, and engineering societies, higher education associations, institutions of higher learning, and trade associations. The Working Group is concerned about the future vitality of the U.S. science, mathematics, and engineering enterprise. For more information about joining the Working Group and an application form, please view our [2-page FAQ document](#) or contact: Debbie Rudolph (Phone 202-530-8332, Fax 202-785-0835, E-Mail d.rudolph@ieee.org) or Bob Boege (Phone: 202-872-6160, E-Mail: rboege@comcast.net).

The George E. Brown, Jr. Award for Science-Engineering-Technology Leadership

- Awarded annually by the SETWG to individuals who have met the following criteria:
 1. Active leadership in the determination of SET policy;
 2. Strong public advocacy in support of a role for the federal government in research;
 3. Specific actions taken to advance SET public policy
